My dear Givens,

I enclose herewith finger prints and photograph of one CHAN YUEN SANG who was sent down to Hongkong from Shanghai in September 1932 as inspector of the Communist Youth Movement. He was arrested in Hongkong on December 14th 1932 and after his arrest made statements to the Police which proved of great value to them with regard to the identity of certain members of the Hongkong Communist Party. He was eventually banished and despatched back to Shanghai where he presumably still is. I should be interested to hear if you ever come across him.

Yours sincerely,

James Barton
